

BUY AMERICA

BUY AMERICAN

U.S. TRANSPORTATION

The Buy America Act applies to **all US Transportation** procurements and authorities, such as the FTA (Federal Transit Administration) and DOT (Department of Transportation).

PUBLIC USE GOODS

The Buy American Act applies to **all articles, materials, and supplies** used to create **public use goods**, such as schools and court houses.

PROJECTS ≥ \$100,000

The Buy America Act applies to public transit related **procurements projects valued at or more than \$100,000**.

NON-DOMESTIC

The Non-Domestic Buy American Act states that public use goods may be purchased from a **trade friendly, non-domestic country**.

DETAILS & FINE PRINT

The Buy America Act states end products must be **100% manufactured in the USA**. Additionally, **all iron and steel** must be **mined, melted, and manufactured in the USA**.

DOMESTIC

The Domestic Buy American Act states that public use goods must be **100% manufactured in the USA** and use at least **55% domestic products**. Additionally, all iron and steel must be **100% manufactured in the USA** with at least **95% domestic product**.
